[1]The references listed in this bibliography are seminal works or have been used as main sources in the preparation of the tutorial *Metaheuristics and Applications*, presented by Celso C. Ribeiro at the Advanced School on Artificial Intelligence, held in Estoril, Portugal, from October 7 to 11, 1996. Accordingly, this set of references is not intended to be considered as a complete bibliography on heuristic search or metaheuristics. A more complete and much enlarged set of additional references and applications can be obtained by searching through those in this bibliography.
